Paramedics

Survey Question:

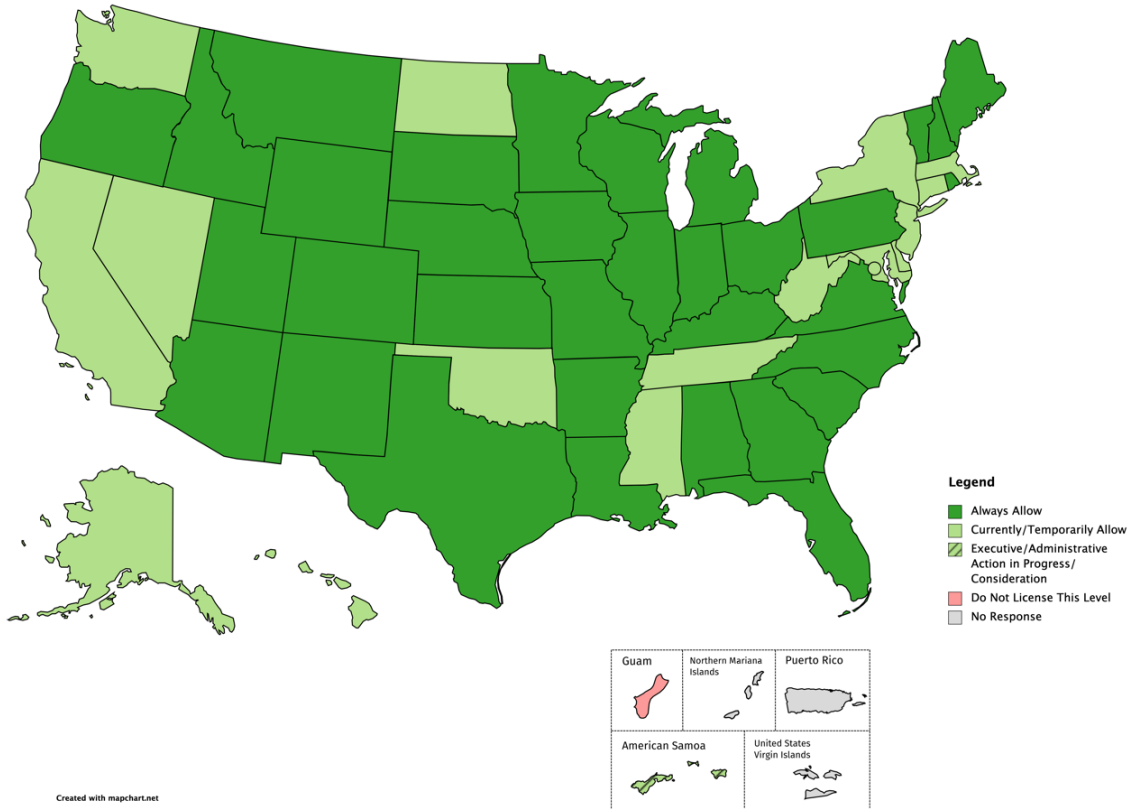
Please select the response that matches the current regulatory conditions related to administration of vaccinations via the intramuscular route in your state (for Paramedics).

- May always perform under the current state scope of practice or local medical director discretion
- May currently / temporarily perform under an emergency / executive order or other administrative action
- May not perform
- Do not license / certify at this level

Chart 1: Paramedic

	Always Allow	Currently/ Temporarily Allow	Executive/ Administrative Action in Progress/ Consideration	Do Not License This Level	No Response
Count	34	17	1	1	3
Percent (n=53)	64%	32%	2%	2%	

Figure 1: Paramedic



Reviewer's Notes:

- *In the "Always Allow" and "Currently/ Temporarily Allow" response categories, it is acknowledged that additional criteria may be required at the local/ individual level before vaccinations can be administered.*
- *Based on follow up with respondents, "Executive/ Administrative Action in Progress/Consideration" added as a response.*

Advanced-Emergency Medical Technician (AEMT)

Survey Question:

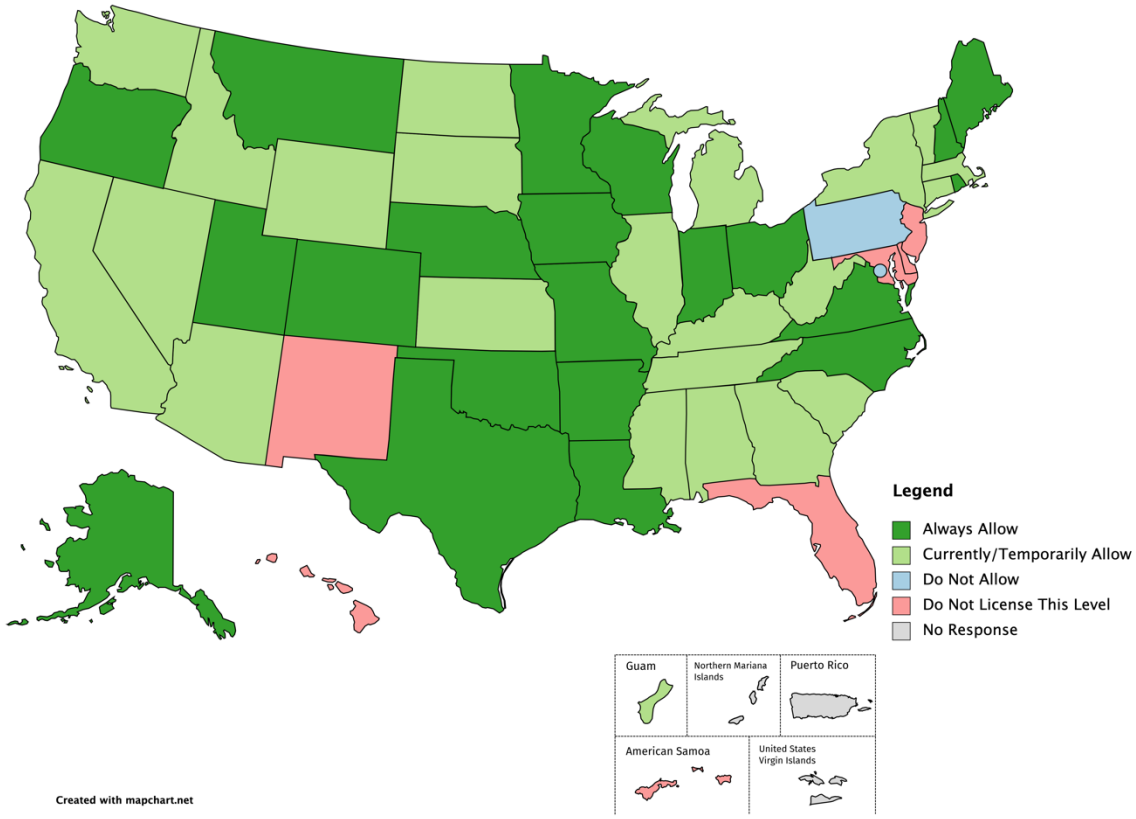
Please select the response that matches the current regulatory conditions related to administration of vaccinations via the intramuscular route in your state (for AEMT).

- May always perform under the current state scope of practice or local medical director discretion
- May currently/temporarily perform under an emergency/executive order or other administrative action
- May not perform
- Do not license/certify at this level

Chart 2: AEMT

	Always Allow	Currently/ Temporarily Allow	Do Not Allow	Do Not License This Level	No Response
Count	21	23	2	7	3
Percent (n=53)	40%	43%	4%	13%	

Figure 2: AEMT



Reviewer's Notes:

- *In the "Always Allow" and "Currently/Temporarily Allow" response categories, it is acknowledged that additional criteria may be required at the local/individual level before vaccinations can be administered.*
- *Based on follow up with respondents, "Executive/Administrative Action in Progress/Consideration" added as a response.*

Other Intermediate Levels

Survey Question:

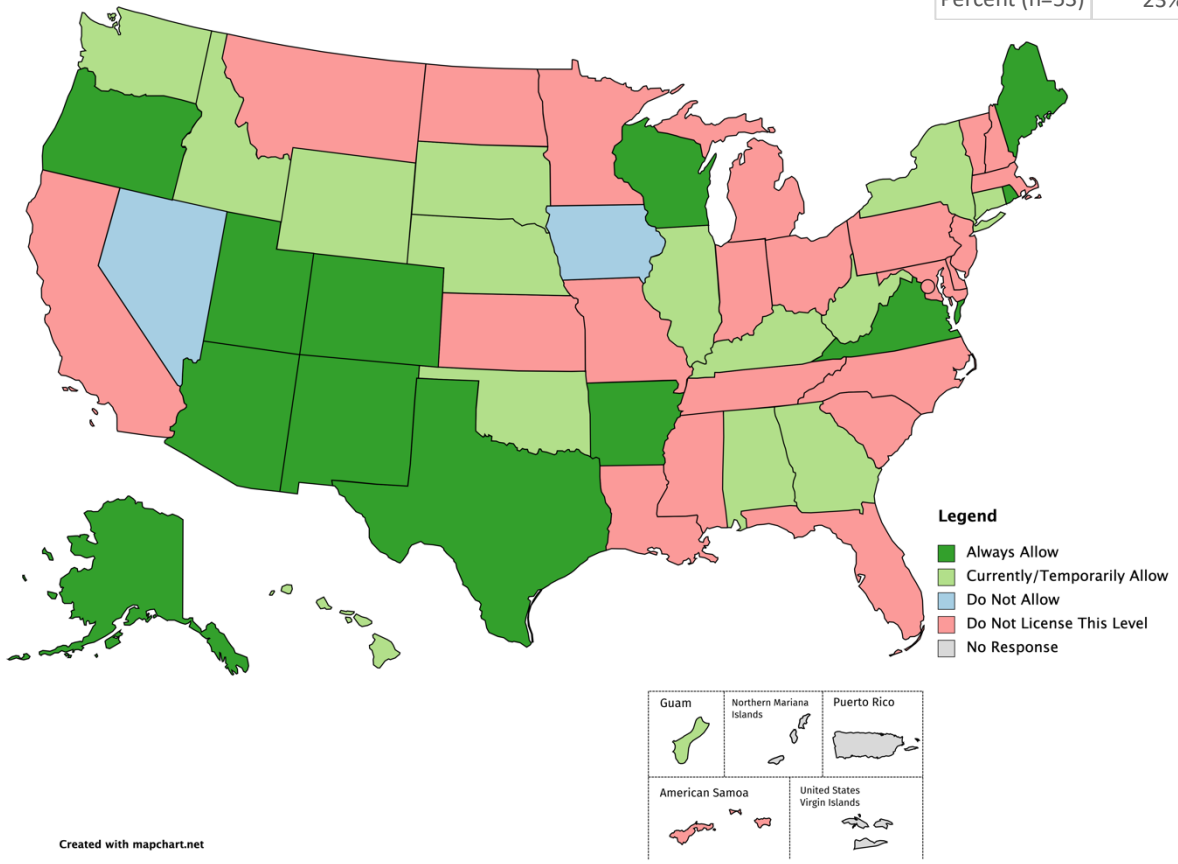
Please select the response that matches the current regulatory conditions related to administration of vaccinations via the intramuscular route in your state (for Other Intermediate Levels).

- May always perform under the current state scope of practice or local medical director discretion
- May currently/temporarily perform under an emergency/ executive order or other administrative action
- May not perform
- Do not license/certify at this level

Chart 3: Other Intermediate Level

	Always Allow	Currently/ Temporarily Allow	Do Not Allow	Do Not License This Level	No Response
Count	12	15	2	24	3
Percent (n=53)	23%	28%	4%	45%	

Figure 3: Other Intermediate Level



Reviewer's Notes:

- *In the "Always Allow" and "Currently/Temporarily Allow" response categories, it is acknowledged that additional criteria may be required at the local/ individual level before vaccinations can be administered.*
- *Based on follow up with respondents, "Executive/ Administrative Action in Progress/Consideration" added as a response.*

Emergency Medical Technicians (EMT)

Survey Question:

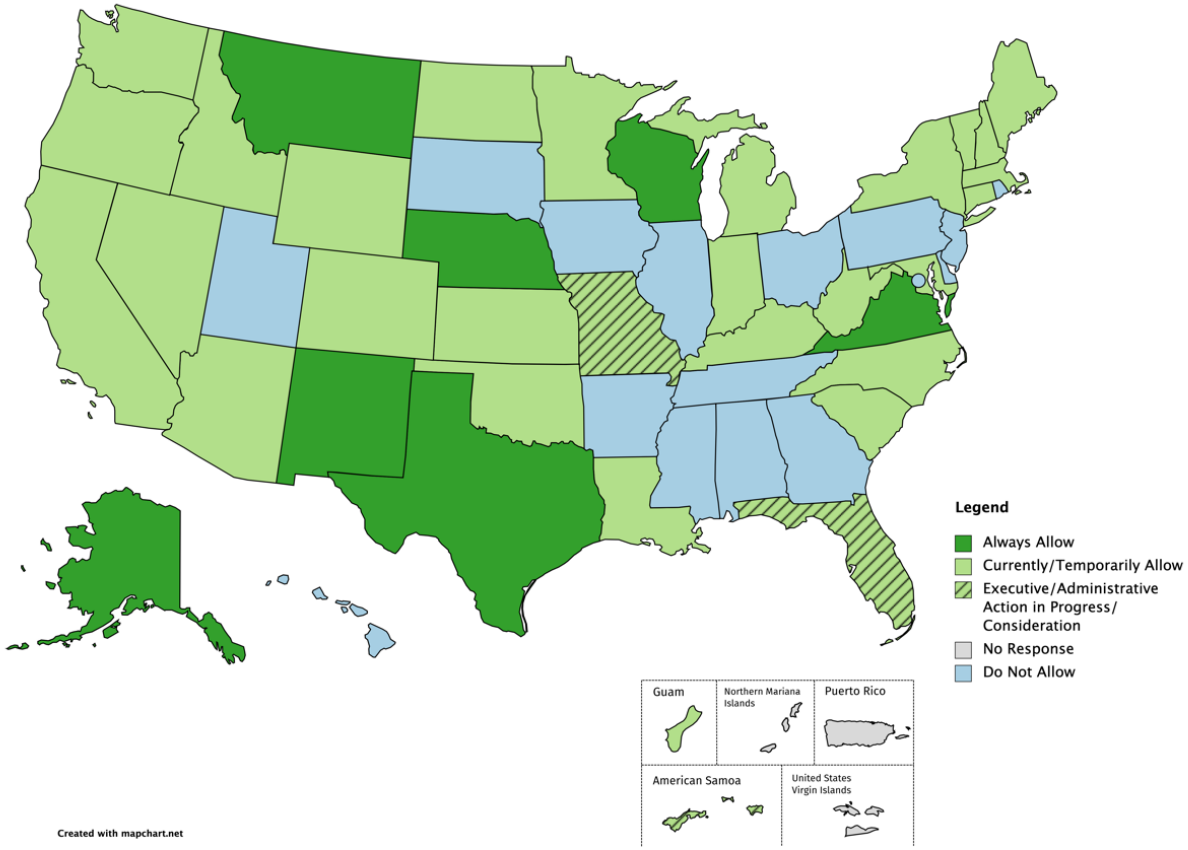
Please select the response that matches the current regulatory conditions related to administration of vaccinations via the intramuscular route in your state (for EMT).

- May always perform under the current state scope of practice or local medical director discretion
- May currently/temporarily perform under an emergency/executive order or other administrative action
- May not perform
- Do not license/certify at this level

Chart 4: EMT

	Always Allow	Currently/ Temporarily Allow	Executive/ Administrative Action in Progress/ Consideration	Do Not Allow	No Response
Count	7	27	3	16	3
Percent (n=53)	13%	51%	6%	30%	

Figure 4: EMT



Reviewer's Notes:

- *In the "Always Allow" and "Currently/Temporarily Allow" response categories, it is acknowledged that additional criteria may be required at the local/individual level before vaccinations can be administered.*
- *Based on follow up with respondents, "Executive/Administrative Action in Progress/Consideration" added as a response.*

Emergency Medical Responder (EMR)

Survey Question:

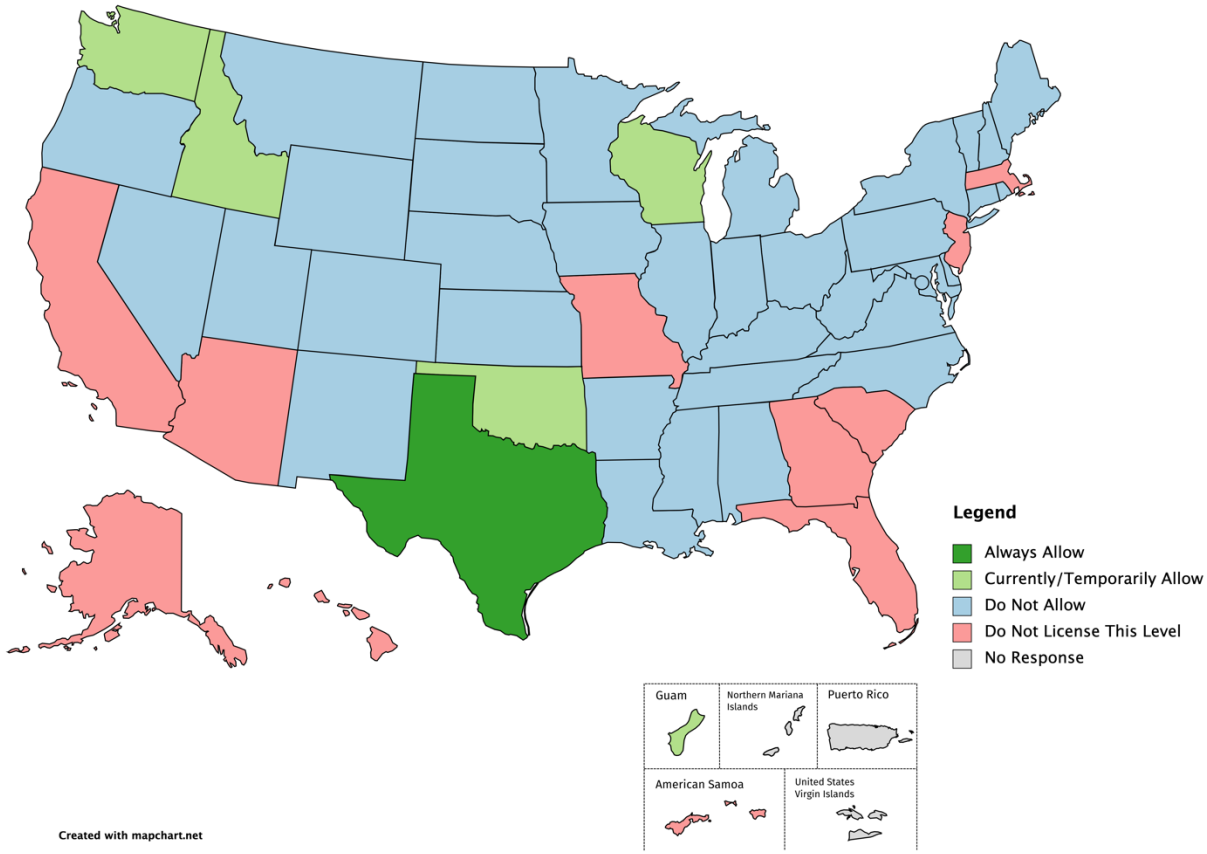
Please select the response that matches the current regulatory conditions related to administration of vaccinations via the intramuscular route in your state (for EMR).

- May always perform under the current state scope of practice or local medical director discretion
- May currently/temporarily perform under an emergency/ executive order or other administrative action
- May not perform
- Do not license/certify at this level

Chart 5: EMR

	Always Allow	Currently/ Temporarily Allow	Do Not Allow	Do Not License This Level	No Response
Count	1	5	36	11	3
Percent (n=53)	2%	9%	68%	21%	

Figure 5: EMR



Reviewer's Notes:

- *In the "Always Allow" and "Currently/ Temporarily Allow" response categories, it is acknowledged that additional criteria may be required at the local/ individual level before vaccinations can be administered.*
- *Based on follow up with respondents, "Executive/ Administrative Action in Progress/Consideration" added as a response.*
