REVISING THE NATIONAL EMS EDUCATION STANDARDS

JUNE 26, 2019

REVISING THE EDUCATION STANDARDS

- NHTSA & HRSA (EMSC) contracting RedFlash Group (RFG) – subcontract w/ National Association of EMS Educators (NAEMSE) – to revise Education Standards & Instructional Guidelines for EMR, EMT, AEMT & Paramedic.
- First draft of Education Standards (not IGs) with changes prescribed in the National EMS Scope of Practice Model due to NHTSA in early July.
- The first draft will then go to National organizations by mid-July for their input before wider distribution.

FICEMS
Federal Interagency Committee on EMS

REVISING THE EDUCATION STANDARDS

- The first draft will then be distributed for full EMS community review and comment in mid-August.
- Next face-to-face project team meeting will be October 8-9 in Washington, DC. Goal of the meeting is to create second draft of Education Standards and create first draft of IG revisions.
- Additional drafts will be created and circulated for broad EMS community review from late 2019 through Fall 2020.
- Final Education Standards & IGs expected to be released in late 2020.
