Traditionally NEMSAC meetings have taken place over three 8-hour days in Washington, DC. Because of the Public Health Emergency (COVID-19), NEMSAC meetings have been converted to a virtual platform. In effort to accommodate the Council members and the members of the public who wish to attend, these meetings have been compressed into two 5-hour days. At 12:00 EST, approximately 1 hour before the General Council Meeting begins, presentations will begin scrolling so you may learn more about the progression of NHTSA OEMS Projects and receive updates from our Federal Partners. At the 13:00 EST (1 pm), the live portion of the meeting will begin webcasting so that NEMSAC Council members may hear about EMS issues and propose advisories as they would normally do during the meetings.
